

Kits for Classrooms

With the Education Foundation, Team Building Becomes Impact Building!

Bring your group together for a hands-on experience that creates real change for students across Palm Beach County. Whether you're a company, faith group, or community organization, each kit you assemble helps ensure a child has the essential tools they need to learn, grow, and succeed in school.

It's easy as 1-2-3!

1. Your group purchases kits through our wholesale partner, helping you save significantly compared to retail pricing—while maximizing your impact. As a general rule we find that one employee can build about 15-20 kits per hour.
2. Supplies are shipped directly to your preferred location, where your team can host a meaningful event and assemble the kits together.
3. Completed kits are delivered to Red Apple Supplies, our free teacher resource store, where they'll be distributed to local students in need across Palm Beach County!

Choose from 5 Kits

Pencil Pouch	Homework Kit	STEM Kit	Student Kit	Teacher Kit
\$5	\$10	\$15	\$30	\$50
